A/109 Akshardham soc.,
New Harni-Warasia Ring Road,
Vadodara-390022.

I have Experience in Plastic Injection Moulding Process. I have also experience in injection blow moulding & extrusion blow moulding process.

WORK EXPERIENCE

- V2 Manufacturers
- Processing with Injection Moulding & Extrusion Blow Moulding.

In this organization I am working as a Production Incharge since 2021. Here we have produces chemical & pesticides bottles also produce food container and it's cap. Also produce some dignostic product like cassette of pregnancy test, dengue test, covid test etc.

Here I do Daily Production Planning with secondary operations according to work order / Dispatch plan.

Responsible for developing and implement production/processing method and controls to meet quality standard in the most cost efficient manner.

Daily Production Monitoring, Rejection Analysis, and Down-time Reducing activities.

Also involved in Preventive & Brack-down Maintenance of mould & m/c.

- SHAILY ENGINEERING PLASTIC LTD
- Processing with Injection Moulding & Injection Blow Moulding.

In this organization I was working as a production engineer from 2016 to 2021 in a Healthcare plant.

Here i monitor assigned operations to assure compliance with approved methods (Scientific Moulding Process) and quality standards.

To maintain all the documentation like master process parameters, on line parameters, daily production, rejection reports and down-time.

Planning of operators skill up gradation by training planning. Also maintain 5S in shopfloor.

To maintain material, production, and rejection record by BMR with every batches.

- BANCO PRODUCTS INDIA LTD
- Processing with Injection Moulding & Extrusion Blow Moulding.

In this organization i was working as a Production Engineer from 2012 to 2016 in moulding plant. ¶

In this organization i have process standard thermoplastic like PP, HDPE. I major process Nylon 66, 30% GF.

Responsible for supervising and managing plant equipment and process improvement.

Manpower distribution according to the production planning.

- SHEFIELD TECHNOPLAST PVT LTD
- Processing with Injection Moulding.

In this organization i was working as a Production Engineer from 2008 to 2011.

There were i have processed standard & Engineering polymers like pp, ldpe, hdpe, hips, ps, pc, pa 6, pa 66, etc.

Production planning & scheduled in shifts to achieve production Target.

Prepare of daily production, rejection & brack-down reports. Avoid frequent breck-downs by undertacking preventive maintainance of m/c.

EDUCATION QUALIFICATION

I have passed S.S.C with 74.44% in march-2001 from G.S.E.B.

I have passed H.S.C with 42.00% from G.S.E.B.

I have passed DPLOMA in PLASTIC ENGINEERING with 64.09% in 2008 from T.E.B. Gandhinagar.

I have passed B.Tech in chemical engineering in 2015.

I have certificate in six month diploma course in production management.

PERSONAL INFORMATION

Date of Birth : 30 january 1986.

Marital Status : Married.

Languages : English, Hindi, Gujarati.
