Career Objective: -

Seeking a challenging career in a progressive organization where I can acquire current and relevant knowledge and develop effective skills to maximize individual and organization productivity.

Qualification: -

- 10th Passed from U.P Board
- 12th Passed from U.P Board
- Diploma in chemical engineering from Government polytechnic Kotwan Mathura in 2022.

Experience: -

Working as a production chemist In DHANUKA LABORATORIES LTD. From August 2022 to July 2023.

Job profile: - Dhanuka accelerate innovation during the lifecycle of product with or integrated offering including route scouting, control, research, process development, scale up & commercial production manufacturing Batch charging and maintenance.

Experience; Normal distillation Product as per batch production record, process operation as per BPR, Production Documentation as per cGMP guideline, Handling of Raw material as per as MSDS knowledge. Handling Equipment: - Reactors (SSR and GLR), Centrifuge (also bottom discharge centrifuge), Filters (PNF, sparkle filter, magnet filter, cartridge filter), Driers (FBD, RCVD). HCL Scrubber.

Currently Working in BHARAT RASHYAN LIMITED from August 2023 to till date. As a production supervisor.

Role & Responsibilities: -

Operational knowledge, Production planning, control and executing batches, optimization in the plant.

Supervising of batches charging and verification of RM quintet`s.

Monitoring and Maintaining of the parameter as per SOP

Perform PSSR & MOC in any changes of operating system.

Handling of process: - solvent recovery process, Bromination reaction, sodium cyanide reaction.

Perform condition monitoring using portable instruments, perform minor Troubleshooting.

Following latest safety guidelines, management guideline like; TQM, EFQM, QCC, etc.

Maintain shift logbook respective area / equipment.

Follow instruction received from shift superintendent/engineer.

Handling Equipment: - Reactors (SSR and GLR), Centrifugal pump(close impeller, same close impeller, open impeller) PTFE PUMP, Steam Ejector (single stage & multi stage),Booster, Vacuum pump, Colling Tower,
Heat exchangers (Shall & Tube , Gryfight,, double pipe, plate type)
Filters (PNF, sparkle filter, magnet filter, cartridge filter), ANFD. HCL Scrubber.

Analysis process critical parameters:-

Moisture content, PH, LOD, Specific Gravity etc.

Process sampling for Raw material , Chemical Reactions & Final product.

Skills: -

Work permit, distillation, Mass Transfer, P & ID, PFD, Pressure test, Calibration, Manpower Handling, feeding and Unloading Hazardous chemical, crystallisation, Draying, Discaleing .

Personal Detail: -

- Father's Name : Mr. Ramvilas Sikarwar
- Date of Birth : 05/12/1999
- Gender : Male
- Language Known : English & Hindi
- Nationality : India

Declaration: -

I hereby declare that above furnished are true to the best of my knowledge and belief.

Date: -

Place: -

(Akash Sikarwar)
