CAREER OBJECTIVE

- ✍ To be associated with a firm, that provides career development opportunities and utilize my skills as a Mechanical Engineer to contribute to its progress.
- ✍ To utilize optimum resources available with my maximum capability to serve the organization dedicating my creativity as a Mechanical Engineer

PROFESSIONAL SYNOPSIS

- ✍ Experience in supervision and performing engineering activities right from the production to dispatch.
 - Maintenance work for preventive & break down maintenance of CNC grinding machines.
 - Setting of CNC Machines for new development and different jobs.
 - Product improvement activities, Preventive maintenance, Kaizens.
 - Operation and maintenance of production line machines like CNC, Surface grinding machine, External and internal grinding machines etc.
 - Preparing various reports related to production and maintenance and inspection.
 - Inspection of the assembled product like visual, dimensional etc.
 - Providing guidance to the workmen for various activities
- ✍ Currently associated with Timken India limited since June,2017

EXPERIENCE

Timken India Limited (5 Year running.....)	Working as a Line Engineer in Timken India limited From 22/07/2017 in Timken India Limited, BHARUCH, GUJARAT. -Still working job in Timken India limited 12/08/2018 as junior Engineer.
Job profile	- Production & maintenance work, include planning, Quality product. - Handling Production achievement & Manpower. - ISO 9001: 2015 Documentation. - Taking leadership for new development, quality improvement, kaizen, 5s.
Knowledge in	- Operating CNC Machine, Setting for new jobs. - Basic knowledge of pump and heat exchanger - Maintenance work - CNC M/C Fanuc system. - ISO 9001: 2015.

ACADEMIC QUALIFICATION

COURSE/DEGREE	NAME OF BOARD/UNIVERSITY	YEAR OF PASSING	% OF MARKS		
			7 th sem	8 th sem	CGPA
B.E. MECHANICAL	Gujarat technical University	JUNE 2016	6.49	7.14	5.6
H.S.C.	G.S.E.B	MARCH 2012	59.98%		
S.S.C	G.S.E.B	MARCH 2010	72%		
MATERIAL MANAGEMENT	BHAVAN'S COLLEGE	JULY 2023	55.87%		

ACADEMIC PROJECT:

Title : Experimental study for optimization of shielding gas composition in Flux Core Arc Welding (FMCAW) and parametric study

Period : Jul-2015 to Apr-2016

Overview/Industrial use: We optimized the shielding gas composition, welding Voltage (V) & feed rate(F) parameters for FMCAW which improved the Ultimate Tensile Strength, Hardness, & Microstructure having many industrial applications.

INDUSTRIAL TRAINING:

I attended one-month Industrial training at Welspun Dahej. It provided me the basic insights of Industrial work culture and functions of different departments.

IT Skills

- ☞ Operating Systems : Windows XP/7
- ☞ Software : MS Office (MS Word, Excel, Power point), Adobe PDF
- ☞ Other software : AutoCAD 2D, SAP s

HOBBIES AND STRENGTHS

- ☞ Play Cricket, Chess
- ☞ Accept the challenges and ready to do it.
- ☞ Willingness to tackle new responsibilities in disciplined manner.
- ☞ Hardworking, Versatility, adaptability, honest, dedication for perfection

PERSONAL SNIPPETS

Date of Birth: 30 September 1994
Permanent Address: Rajput Street, Mangaleshwar, Ta. & Dist. Bharuch, Gujarat ,India
Language Proficiency: Gujarati, English, Hindi
Marital Status: married
Nationality: Indian
Gender: Male

DECLARATION

I hereby declare that the information given above is true and best of my knowledge.

Yours truthfully,
Hardiksinh Raj
