I have recently completed my Bachelor of Engineering in Chemical Engineering and I am excited to start my professional journey in the field. Known for my strong sense of responsibility and well-organized nature, I tackle challenges with careful attention and clear thinking. My education has given me both creative problem-solving skills and a keen eye for detail. I am looking forward to working in a team where I can contribute with my enthusiasm for learning, solving problems and achieving goals. As I begin my career, I am confident in my ability to quickly adapt and make a meaningful impact.

EXPERIENCE

AMI FINE CHEM

Surat, Gujarat

Production Chemist

01 June 2024 - Present

I am currently working as a Production Chemist at Ami Fine Chem, where I am responsible for handling critical production equipment such as distillation columns and reactors, as well as managing various solvents recovery in plant. Additionally, I have hands-on experience and knowledge in operating Gas Chromatography (GC) and Karl Fischer titration, which are essential for quality control and precise moisture analysis in production.

ATUL Limited

Valsad, Gujarat

Intern

25 December 2023 - 13 April 2024

During my 16-week final year internship, I gained valuable hands-on experience and had a highly rewarding time. I worked extensively with various equipment, including the Agitated Nutsche Filter (ANF), Rotary Vacuum Dryer (RVD), and Autoclave. In addition to operating this machinery, I also familiarized myself with crucial safety protocols such as the 5'S system, NFPA diamond, and work permits, which underscored the importance of maintaining high safety standards in the workplace. This experience significantly enhanced my technical skills and safety awareness in a professional setting.

ATUL Limited

Valsad, Gujarat

Vocational Trainee

22 May 2023 - 04 June 2023

I completed a 2-weeks summer internship that was both enriching and insightful. During this time, I had the chance to engage with a range of equipment, gaining practical experience that significantly enhanced my technical skills. This brief but intensive internship provided me with valuable experience and a deeper understanding.

EDUCATION
