To obtain a challenging and responsible position in a reputed organization, where my technical skills & functional competencies in the Electrical Engineering domain are utilized effectively for contributing to the success of the organization and further enhanced and mutual benefit.

## PROFFESIONAL SYNOPSIS

- Experienced automation troubleshooting engineer with expertise in identifying and resolving issues in industrial automation systems.
  - Highly experienced in troubleshooting and resolving complex issues with PLC systems, automation equipment, and industrial control systems.
  - Strong understanding of automation systems, control systems, and electrical systems with all electrical safety guideline.
- ❖ Currently working with GUJARAT THEMIS BIOSYN LTD (GTBL) VAPI as “**Electrical officer**” with **excellent exposure of Plant maintenance Delivery.**
- I am handling the responsibilities related to plant maintenance, procurement of materials and cost saving project execution.
  - Investigation and resolving system faults and failures.
  - Conducting root cause analysis and implementing corrective actions.
  - Collaborate with cross-functional teams to resolving complex issues.
  - Providing training and supporting to junior technicians.
  - Men power handling and scheduling to ensure effectively utilization of them.
  - Implement SOP as per the analysis the fault diagnosing process.
  - Designed and implemented automation solutions for various cost saving process.
  - Results achieved for reducing downtime & increased efficiency of machine.

## PROFESSIONAL WORK EXPERIENCE

- **Since Jan’ 2021 to till date: M/S Gujarat Themis Biosyn Ltd. (API) as Electrical officer (Engineer)**

Offering hands-on experience in **Gujrat Themis Biosyn Ltd**, covering:

- Site Safety Management
- Automation
- Electrical Power and Control Circuit flow
- Maintenance & Documentation

- **Since Feb’ 18 to Dec’ 2020: Suparna chemical Ltd. Ltd. (API) As Electrical Engineer (Officer).**

Offering hands-on experience of **nearly 3 years** in **Suparna chemicals Ltd.**, covering:

- Readiness of SOP
- Plant Breakdown handling capability
- Permit training
- Maintenance

## ❖ Key Skill

- PLC troubleshooting and fault detection skill.
- Automation system troubleshooting and design
- Fault detection and diagnosis
- Electrical and mechanical troubleshooting
- Industrial control systems (ICS) and SCADA systems
- Knowledge of electrical software (Ladder Logic programming, e-plan, & 2D AutoCAD)
- Strong understanding of electrical and mechanical principles.

## Soft Skill

- Strong problem-solving and analytical skills
- Excellent communication and teamwork skills
- Ability to work under pressure and meet deadlines
- Strong attention to detail and organizational skills
- Ability to read and interpret electrical and mechanical schematics

## EDUCATION

- **B.E in “Electrical Engineering”** with 7.42 CGPA With Honor during the session 2013-2017 from the MGITER, Navsari-Gujarat, affiliated GTU (Gujarat technological University) (INDIA).
- Intermediate from the Gujarat Board with 60.03% With Honor during the session 2013.
- High School from the Gujarat board with 76% during the session 2011.
- Having Training of 8-pillars of TPM.

## Computer Knowledge

- Basic Knowledge of **E-Plan** Software for making SLD and Electrical Circuit Diagram.
- Basic Knowledge of **Auto cad-2D & 3D**.
- PLC Programming Language- **Ladder logic** for different Industrial Equipment and machine.
- Microsoft Power point, Excel and Outlook.

## PERSONAL DETAILS

- Date of Birth : 25<sup>th</sup> Feb,1996
- Languages Known : Hindi, English, Gujarati, and Marathi
- Father’s name : Mr. Harish Bhai Manga Bhai Prajapati
- Current Address : D-3 L.D RAW HOUSE DESARA ROAD B/H DEVISADAN BILIMORA -396321 GUJARAT, INDIA
- Marital Status : Married
