EDUCATION

❖ University of Pune

Bsc (Chemistry) – 2009

❖ 2004

**Maharashtra state Board
SSC**

❖ MAJOR ACTIVITIES COORDINATED:-

- ❖ Involved in SAP H4 HANA implementation in PP & QM module End to End process.
- ❖ Reduced the Batch Cycle time of paint binder, homopolymer & tape adhesive.
- ❖ Actively contributed in obtaining ISO-9001(QMS) & Responsible care Certification and implementation.

WORK EXPERIENCE

13 Years' experience in Production & Plant operation in the Chemical industry.

**Assistant Production Manager
Jesons Industries limited. - Daman
From 2020 to Present.**

Manufacturing of polymer emulsion binders for paints, paper adhesives, textile and carpet binders, Bopp tape adhesives, stickers, and lamination Adhesives. Plc-based SCADA plant has a capacity of 3000 MT/month. Sales turnover around 1200 Cr. An ISO 9001:2005 & Responsible care Certified Plant

❖ Responsibilities:

- Planning monthly, weekly & Daily Production Schedule. Coordinate the production activities.
- Day to day monitoring of rejection, yield, efficiency & Output.
- Handling 50+ manpower on daily basis.
- Based on the demand, prepare a detailed raw material plan, production plan, and delivery plan.
- Meet the production target with prescribed quality.
- Process monitoring, analyzing and optimizing parameters, integrating process streams in order to optimize the consumption of energy/utility in the plant.
- To monitor for the safe and optimized operation of major processing equipment including, REACTORS, COOLING TOWERS, BOILERS, PUMPS & COMPRESSORS on PLC.
- Coordinating in carrying out various maintenance activities on fortnightly basis.
- Develop and improve processes, and foster suggestions from employees to reduce cycle time and cost.
- Identification of training needs of production personnel. To arrange for skill & competency improvement in coordination with HR. To support Works Manager in leading Manufacturing Excellence initiatives in the plant by Implementing TPM & 5S in the plant.
- Taking remedial actions in case of any abnormalities.
- To monitor various waste minimization.
- Maintain housekeeping, guided, monitor, and supervise compliance with all safety standards and norms to ensure a safe and healthy working environment.
- Co-coordinating Annual Plant Shutdown Activities.
- Control over the FG & RM/PM stocks.

❖ CO-CURRICULAR ACTIVITIES & ACHIEVEMENTS:

Conduct various departmental trainings regarding Time management, communication, soft skills transformation, etc. Conduct Process safety training & PSM workshops. Attended TPM training and seminar.

❖ STRONG POINTS OF PERSONALITY:

Sense of responsibility with commitment. Ability to change with the environment. Strong willpower. Hardworking and honest with a positive attitude. Self-motivated. Developing new skills & learning new technologies.

❖ Knowledge of unit operation:-

Batch vacuum distillation, Drying, Filtration.

❖ Process Equipment Handled:-

SS reactors, GLR, Notch filter unit, flecking machine, Loop reactors, Sparkler filter.

❖ HOBBIES:

Reading books, Travelling, Playing cricket.

❖ COMPUTER SKILLS:

Well-versed with computer applications and good knowledge of MS-Office, Internet, ERP, SAP.

❖ Health & Safety :-

- Team Leader with an ability to make a positive contribution.
- To sustain of firefighting equipment's, Fire Extinguishers, Fire Hydrant System, and Fire Sprinkler System.
- To issue day to day safety permits.
- To make active Safety committee by meetings, Minutes of meeting & action plan & its compliance.
- To review On-site Emergency Plan & conduct regular mock drills & its report Evolution of Unsafe Condition at workplace.
- To carry investigation of all accident.
- To check PPES as per Indian standard.
- Report of all unsafe acts to senior.
- Carry out inspection of plant.
- Attend the training SCABA.
- Attend the fire fighting training weekly.
- Attend the Seminar of First Aids.

❖ PERSONAL INFORMATION:

- Father's Name: Shri. Ashok Vitthal Mehari.
- Date of Birth: 23rd May 1989.
- Marital Status: Married.
- Languages Known: English, Hindi, and Marathi.
- Nationality: Indian.

- Continuous interaction with pilot plant and R&D to improve process norms.
- Maintaining Safety norms in handling hazardous raw material.

❖ Sr. Production Executive. Esteem Industries Pvt. Ltd. Wada, Palghar.

- 3 years work experience. Esteem is a ISO 9001:2008 certified flagship company.
- It is a specialize in by using EYHYLENE OXIDE & PROPYLENE OXIDE, Include ETHOXYLATION & PROPOXYLATION, EO/PO Block co-polymerization and surfactants chemicals and food emulsifiers, textile chemical, etc.
- Ethoxylated products like Alkyl phenol ethoxylate, Fatty amine ethoxylate, fatty acid ethoxylates, peg 600, peg 400, TDA, NP, DA, CO, HCO, CFA, POP, TAM, CAM, etc. having a capacity of 30000 MPTA.

❖ Responsibilities:-

- Working as a Production Sr. Executive.
- Responsible for continuous process handling Planning.
- Responsible for PROCESS CALCULATION for next batches.
- Maintain Daily reports for accountability and quality assurance.
- Preparation & follow up technical queries. Issue work permits system via ERP SYSTEM to carry out job as per Esteem safety standards.
- Responsible for handling Sparkler filter.
- Preparation of log sheet to start new batch and priorities batch according to customer demand.
- Man power planning.
- Process monitoring (maintain client specification of the product).
- To maintain records, log books for the jobs carried out.
- Responsible for operation of plant and achieving production targets, maintain process parameters & keep checks on quality. Charging of raw material according to quantity and unloading the finished.

❖ Production Officer Dai-Ichi Karkariya Ltd. Pune. From 2010 to 2017.

- 7 years work experience. Dai-Ichi is a ISO 9001:2008 certified flagship company.
- It is a specialize in by using EYHYLENE OXIDE & PROPYLENE OXIDE, Include ETHOXYLATION & PROPOXYLATION, EO/PO Block co-polymerization and surfactants chemicals and food emulsifiers, textile chemical, etc.
- Ethoxylated products like Alkyl phenol ethoxylate, Fatty amine ethoxylate, fatty acid ethoxylates, peg 600, peg 400, TDA, NP, DA, CO, HCO, CFA, POP, TAM, CAM, etc. having a capacity of 30000 MPTA.

❖ Responsibilities:-

- Safe and effective handling of unit operations and unit processes like control of highly exothermic reactions, distillation under vacuum etc.
- Controlling various unit operations and process through DCS Handling utilities as cooling tower, chilled water, chilled brine, Compressed & Instrument air etc.
- Controlling plant start-up, shut down, emergencies and troubleshooting activities in co-operation with shift in charge and field operations.
- Establish Standard Operating Procedures (SOP) for assigned production operations and process.
- Ensure the safe smooth operation of the plant by constant Monitoring and controlling the operation parameters.
- Monitoring production activity and working with process and Production manager as a process field officer.
- Monitoring and controlling statutory requirements, keeping records related to production plant.
- Taking follow-up of raw material. Intermediate results and finished products from respective department.
- Controlling production activity & handled various Unit operations. Handling trouble shooting and maintenance problems.
- Co-ordination with the order dept. (Maintenance Quality Control, safety) for smooth running of the plant.
- Ensuring day to day targeted production, yield preventive maintenance, root causes for any off-spec. etc.
- Carry out pilot trial batches for new product & process stabilization.
